September Program

Harken, Inc.

4:30 p.m. Thursday September 24th, 2009

Harken, Inc. is a leading manufacturer and marketer of quality sailboat hardware and accessories.

Our gear has dominated such events as the America's Cup and Olympics. Our blocks, travelers, furling systems and winches can be found aboard everything from the smallest dinghies to the largest megayachts and cruisers.

Headquartered in Pewaukee, Wisconsin, Harken manufactures in the USA and Italy. Its network includes offices in 48 countries, with group offices located in Australia, France, Italy, New Zealand, Poland, Slovenia, Sweden, the United Kingdom, and the United States (Rhode Island, California, and Florida).

Schedule:

4:30pm – 5:30: Tour of Harken, Inc (1251 East Wisconsin Ave, Pewaukee, Wisconsin 53072-3755)

5:30pm – 6:00: Meet at Radisson Hotel (N14 W24140 Tower Place, Pewaukee WI 53072)

6:00pm – 6:30: Dinner, Buffet Style. Menu items will be communicated soon.

6:30pm – 8:00: Presentations

Costs:

SAE Members	\$20.00
Non-Members / Guests	\$25.00
Retirees	\$15.00
Students	\$10.00

Presenters:

Bill Goggin – Harken USA CEO

Welcome and Overview

Peter and Olaf Harken – Founders, Harken Inc.

The Harken Story

Wes Wilcox – Harken Engineering

Harken Product Development and Engineering, the story behind the world's greatest sailboat hardware.

Dear Members and Section Friends,

I am privileged to greet you as chairman for the first time. Get ready for another exciting year of Section events! The kickoff event is the Section meeting at Harken where we will explore the marine aspects of the mobility industry. Special thanks to Bernard Krauska for his efforts in coordinating this fantastic program.

Company Rep. Program

The Company Rep. program is taking off again. Led by Wayne Richter and Tony Grant, this program ties local engine/automotive companies to the Milwaukee Section by having a dedicated SAE representative within their building. The program will help raise employee awareness of SAE events within each company. Contact Wayne or Tony to find out how you can become a company rep.

Website Revitalization

You may have noticed that the SAE Milwaukee website (www.saemilwaukee.org) has not been accessible. A new website is under construction with operating and maintenance graciously provided by **Ken Cook Co.** Stay tuned for more information regarding the new web address and services available. We appreciate your patience while our website is revitalized.

October Program – Rapid Product Development Exposition and Student Night

Join us in October to discover current rapid product development techniques by local vendors. In addition, student chapters will present their competition results, technical challenges, and current projects to the audience. Each participating chapter will receive a grant from the Section based on the judging criteria. We are actively looking from companies to sponsor awards. Please contact Mike Krauski if your company can contribute. More details will follow in the October newsletter. Come support your collegiate chapters at MSOE in October.

The Section board is gaining momentum. We have grand visions for our future and need your help to get there. We are currently looking for volunteers to team up with for program planning and meeting registration. With your help we can divide and conquer to reach new levels of success. I look forward to the coming year of activity.

Best regards,

Jim Ryan
Chairman – Milwaukee Section

Wayne Richter - Secretary
1588 Woodland Dr
Grafton, WI 53024

Speakers Wanted

Want to share your real-world experience with future engineers? Offer your expertise to students preparing to enter industry through the Design/Manufacturing Collaboration lecture series taking place at the Milwaukee School of Engineering January – March 2010! For more information, contact MSOE student section Program Chair Alex Oppermann at oppermaa@msoe.edu or 920-650-7357.

Career Development Session

"Your Career - On Course" presented by
Dale Wiza, Professional Engineering Placements, Inc.
Tuesday, Oct. 6, 2:00 pm – 3:00 pm

New trends in: locating potential employment, tips on highlighting yourself through customizing your resume, follow-up etiquette, and how SAE can help in your career development.

Resume Critique Clinic,

Wednesday, Oct. 7, 9:30 am – 11:30 am

Have your resume critiqued by a professional and receive tips on how to advertise your skills in the right format.

Services provided by **Professional Engineering Placements** and Manpower Professional. Appointments may be made in advanced by sending a request to careerresources@sae.org.
